

## SMART Portal

A pre-built digital workspace that improves employee communication and collaboration, at a fraction of the cost of a traditional built-from-scratch intranets. With the flexibility to be designed with the user in mind and with your corporate brand. Spanish Point combines Microsoft best practice, global research, and our own experience with customers across a wide range of commercial and public sector organisations to provide customers with a proven methodology to design and implement portal solutions. All future proofed as based on Microsoft's new modern framework for SharePoint.

We design and build SMART Portals that enable organisations to create a sustainable workforce with high levels of talent retention and productivity, by empowering their employees. See our [SMART Portals](#) video.

Spanish Point has combined common capabilities for intranets within our SMART Portal template, providing customers an engaging, mobile intranet solution. A pre-built intranet that improves communication and collaboration, at a fraction of the cost of a traditional built-from-scratch intranets. With the flexibility to be designed with the user in mind and with your corporate brand. All future proofed as based on Microsoft's new modern user interface for SharePoint. The SMART Portal template includes:

<p><b>News Aggregation</b></p> <p>Publish modern news articles with rich content, in-built alerts and social capabilities such as likes and comments.</p>	<p><b>Quick &amp; Easy Page Creation</b></p> <p>Easily create empty pages or ones based on previous pages. Pages use SharePoint's modern framework, which lets you focus on the content.</p>	<p><b>Event Aggregation</b></p> <p>Publish upcoming internal and external events and training from multiple departments and various topic areas.</p>
<p><b>Q&amp;A Bot</b></p> <p>Digitise your employee handbook and company policy &amp; procedures and train your Bot for your employee FAQs.</p>	<p><b>Enterprise Social</b></p> <p>Drive employee engagement, promote communication, boost brand influence and build loyalty in your workforce to help nurture and retain your best talent.</p>	<p><b>Search</b></p> <p>Typically, our customers are not lacking in the information they need they just cannot always find it. Finding the information, you want is easy and fast.</p>
<p><b>Quick Links</b></p> <p>Navigate quickly to promoted content via the home page quick links. Allow users to choose their own links most relevant to them.</p>	<p><b>Use Your Branding</b></p> <p>Use your branding, choose your look-and-feel header, footer etc.</p>	<p><b>Content Intelligence</b></p> <p>Just like Netflix or Amazon suggest the film or book you may be interested in, your Intranet can suggest content to you that you do not yet know exists.</p>
<p><b>Mobility</b></p> <p>Increase your Intranet usage by more than 50% with the responsive design for mobile devices, so your employees can access the information whilst travelling etc.</p>	<p><b>People Finder</b></p> <p>Search co-workers quickly, see where they are in the organisational structure, what documents that are working on, or even just what they look like!</p>	<p><b>Surveys</b></p> <p>Publish and analyse quick surveys, get your employees feedback, make them feel valued, and allow more effective changes to be made.</p>
